PROFESSIONAL SUMMARY

Interior Designer with 3+ years of experience in residential interiors, space planning, modular furniture design, design development, AutoCAD drafting, SketchUp modelling, 3D visualization, material selection, client coordination, and execution support. Skilled at turning concepts, site measurements, and client requirements into practical, well-resolved interiors. Uses AI-assisted design and rendering workflows to accelerate ideation, visualization, presentation development, and design refinement while maintaining functionality and technical accuracy.

WORK EXPERIENCE

Senior Interior Designer Spacious Venture

May 2026 – Present
Bengaluru

- Working on residential interior projects across concept development, space planning, modular furniture design, 2D drafting, 3D modelling, visualization, material coordination, and execution support.
- Designing kitchens, wardrobes, TV units, crockery units, pooja units, study units, bedrooms, living spaces, and customized storage solutions.
- Preparing AutoCAD drawings, SketchUp models, and client-ready presentation visuals.
- Using AI-assisted workflows to speed up ideation, material exploration, rendering, and design communication.

Freelance Interior Designer & 3D Visualizer

Aug 2025 – Apr 2026
Bengaluru / Remote

- Handled independent residential design and visualization assignments from concept to presentation.
- Created layouts, modular furniture concepts, AutoCAD drawings, SketchUp models, and realistic visuals.
- Managed client communication, revisions, and design delivery.

Senior Interior Designer 12 Square Interiors

Jun 2025 – Sep 2025
Bengaluru

- Contributed to residential interiors, space planning, modular design, styling, technical development, and visualization.
- Prepared client-facing design presentations and revised layouts based on feedback.

Interior Designer CubeDecors

Nov 2022 – Aug 2024
Bengaluru

- Worked on residential interiors including kitchens, wardrobes, TV units, crockery units, study units, pooja units, vanities, and customized furniture.
- Prepared AutoCAD drawings, SketchUp models, material selections, and presentation boards.
- Coordinated with clients, vendors, and execution teams to support project development.

Interior Design Intern The Design Palette

May 2022 – Jul 2022
Bengaluru

- Supported design research, space planning, drafting, material selection, and documentation.

EDUCATION

Bachelor of Science in Interior Design
INIFD Institute
2019 – 2022

Jyoti Nivas College Autonomous
2017 – 2019

KEY ACHIEVEMENTS

Built strong expertise in residential interiors, modular systems, and customized furniture design.

Developed efficient SketchUp and AutoCAD workflows for faster project development.

Integrated AI-assisted design and rendering methods into the workflow to improve speed, ideation, and visual presentation.

Delivered practical, functional, and visually refined design solutions aligned with client needs.
